Currently in Albuquerque there is a planning effort called "Albuquerque 2000." The New Mexico Humanities Council has funded this group to get area meetings of residents to join in the planning process to improve our neighborhoods. Our association has expressed interest to join with other West Mesa Associations to hold such a planning meeting in the fall.

The West Mesa Coalition of Neighbors is off the ground in a small way. Leaders of associations met once, called a meeting for the following week and got out a few dozen members to receive a petition. The petition asks that all policy making bodies, commissions, City council etc. should stick with the Northwest Mesa Area Plan and stop random rezoning for commercial and office development. The petition is to be used at the County Commission meeting the 20th and at future meetings of these various bodies. Members wishing to participate in any of these meetings please call Ellen.
