

President's Message

Ray Shortridge, TRNA President

A reminder that the General Membership Meeting is scheduled for **Wednesday, March 13 at 6:30 pm, Taylor Ranch Community Center.**

TRNA General Membership Meeting AGENDA

- Pledge of Allegiance
- Certification of a Quorum
- Approval of Budget Fiscal 2013-14
- Election of Board of Directors
- Land Use Report
- Open Comments by Members

There are two principal items of business requiring the action of the membership – elect the board of directors and approval of a budget for the fiscal year beginning April 1, 2013. Then we open the meeting to you, so that we can all listen to one another's concerns & learn how TRNA can further benefit you.

The current board is recruiting candidates for next year's board. If you have an interest in serving or wish to learn more about it, email either myself (president@trna.org) or the secretary, Dan Shaw (secretary@trna.org). TRNA members can propose themselves as candidates at the March 13 General Meeting also. Once elected, the board selects the officers for the upcoming fiscal year.

A crime stopper tip from the Albuquerque Police Department – Lock your car and garage doors. Seems simple, but APD reports that 40% of property thefts did not entail breaking and entering. The victim simply left a car door unlocked or garage door open, and the thief took whatever valuables were available. Thieves routinely walk through parking lots trying to open car doors. Keep yours locked and hide valuables when leaving the car.

If you have ideas for a Taylor Ranch event or wish to serve on a committee to brainstorm ideas and organize the event, email me -- president@trna.org

The TRNA Board Elections

Dan Shaw, TRNA Secretary

To run for mayor of Albuquerque, as some are already doing, cost a bunch of money and requires quite a bit of work. However to run for the Taylor Ranch Neighborhood Association (TRNA) Board is free and open to any member. It does require some work, but it can be fit into a few several hour blocks spread across each month. So if you want to help your community and running for mayor seems too much, then consider running for the TRNA Board.

Each of the nine TRNA Board members serves for two years. Four are elected in odd number years and five are elected in even number years. Since this is 2013, that means that four positions are up for election.

Key among the board members duties are participating in the monthly board meetings held on the second Wednesday evening of each month except for July when the board is off for a summer break and December for the holidays. From within the ranks of the board the four officers are selected by the board at TRNA's April board meeting: president, vice president, secretary, and treasurer. The remaining five serve as directors at large and often, though not always, help to lead a particular TRNA committee such as crime prevention, parks, land use, or social activities.

The five members who are midway through their terms are **René Horvath, Ken Newman Jolene Wolfley, Hannah Sorrells, and Dan Shaw.** The three members who have terms expiring this year are Ray Shortridge, Terri Spiak, and Jane Webster. A fourth position is vacant due to the death this past year of Derald "Mac" McPherson.

The TRNA Board has nominated the following members to be considered for reelection to the Board: **Ray Shortridge and Terri Spiak.** Hopefully, and we would very much welcome, at least two other TRNA members being nominated for this election at or prior to the 13 March meeting.

Any person who has been a TRNA member since at least October of 2012 may put their name forth at the annual

(continued page 2)

meeting as a board candidate. Someone with less time as a TRNA member can be declared eligible to run by the board if the board deems that person as having special skills the board needs. The member volunteering to run for the board only needs one other member to second his or her name as a candidate. We would welcome other members to put forth their names in addition to those listed on the ballot. This can all take place at the annual membership meeting Wednesday 13 March.

Please plan to attend the meeting. Show your support for an organization that is working hard to create job opportunities, protect and enhance our amenities, and create a vibrant community for our friends and neighbors in Taylor Ranch. ®

Social Committee

Ken Newman, TRNA Board Member

We are planning on our TRNA Scholarship Flea Market & Rummage Sale for June 1, 2013, 7:30 am—12:30 pm, at Cross of Hope. For spaces please contact Ken at 974-5469 or Juken1964@q.com.

This date has not been firmed up yet; it may be held the following Saturday, June 8. But not in May as I am “gone fishing.” More to come in next month’s newsletter.

Don't forget to set your clocks ahead on March 10th. ®

Education Committee Report

Terri Spiak, TRNA Treasurer

The Education Committee will meet to review and score scholarship applications on March 5. Two \$750 scholarships will be awarded during the General Membership Meeting on March 13. Applications must be postmarked by the March 1 deadline to be considered. The two winners will be notified by telephone as soon as selections are made. Good luck to all who applied! ®

Mayor's Conference With Neighborhood Associations

Ray Shortridge, TRNA President

On January 26, I attended this important event where we heard the mayor and his directors speak on the key issues that they perceive face the city from their perspective, and they heard from neighborhood associations about what was on their hot list. This appears to be a healthy and useful exchange. I commend Mayor Berry for instituting this bi-annual conclave.

The morning also provided an opportunity for attendees to buttonhole directors informally in the corridors over coffee during breaks to address micro issues or ones better suited for a private conversation.

The key points discussed in the three sessions:

1. (a.) Budget: the city is dependent upon gross receipt taxes. The economy has not picked up as fast as anticipated, hence less income. Operating budget also tight with modest compensation increase for employees after being frozen for 2-3 years. The mayor applauded the directors for doing more with far less and the employees for continuing to serve the public with frozen wages and increased workload.

(b.) Technology: the city continues to implement information systems that allow managers to collect data on the real costs of providing discrete services. e.g. how many person hours are expended to maintain Mariposa Park, what is the response time for emergency services, etc. This data is expected to result in more efficiently provided services, with manpower being redeployed or reduced through attrition.

(c.) Future needs: Anticipate economic impact of defense installation cut-backs or closures. Migration from current manufacturing technologies to advanced manufacturing technologies. Gun violence, addressing the mental health issues involved. Transportation changes and strategies.

2. Much of the second session dealt with anticipated improvement to the ways citizens and APD communicate. Chief Schultz pointed out that 40% of thefts are not forced entry; i.e. cars & houses left unlocked, garage doors left open.

3. The third session discussed animal welfare, parks and rec, senior affairs, solid waste, transit, and water authority. Points made: (a.) Odor control improvements at waste facilities. (b) Animal intakes are 24K per year. However the number of critters euthanized has significantly declined as the agency has pursued adoption initiatives. A new program for processing feral cats (80% of intakes) includes neutering & releasing back to the neighborhoods, which should hopefully bring about a gradual decrease in population.

I plan to work with the communications desk of the various agencies to provide information to our members through the newsletter regarding how they can more effectively utilize city services. ®

The budget incorporates renewed efforts to increase membership by increasing the marketing budget. We created a new Social Activity line item called “TRNA Days” to replace the Easter activity. Historically the actual income and expense have been very close, within \$500. The net shortfall shown here is in keeping with the norm. The TRNA General Fund balance is sufficient to bear a small shortfall each year and the board considers the Budget versus Actual spending in decision-making throughout the fiscal year to keep income in line with overall expenditures.

THIS BUDGET WILL NEED GENERAL MEMBERSHIP APPROVAL AT THE ANNUAL MEETING MARCH 13.

No more cuts to the Library Budget!

For the past 5 years, as the operating budget has declined, the Library has taken a larger cut than the rest of the City departments. Libraries have lost 28% of their staff while the City as a whole has only cut 9%.

If current levels of City funding continue to decline, Libraries will have to reduce hours in July and, soon after, locations may have to close altogether.

Cuts in the operating budget mean cuts in staff. This means Libraries are open for fewer hours, and when they are open they are staffed by fewer experienced, long-term library

(continued page 5)

(Library Update continued from page 4)

workers to help you take advantage of the great resources available.

In this economy, public library staff are busier than ever helping people find jobs and improve their skills or helping small businesses with start-up research. They help young parents introduce their baby to the world of books and literacy, then nurture that interest with the Summer Reading programs. Our communities cannot thrive without the priceless services offered by the ABC Library.

The Mayor is working now on preparing an operating budget for July 2013 through June 2014. Write to the Mayor today and ask him to stop the budget cuts to our Public Library!

Treasurer's Report

Terri Spiak, TRNA Treasurer

General Fund: As we approach the end of our fiscal year of March 31, 2013, TRNA income from memberships exceeded budget expenditures by \$787.03. We are on target to finish the year almost even! We encourage every member to attend the General Membership meeting for a full report and a look at next year! You have a voice and we want member feedback and input on the new year's budget!

Land Use Fund Update: March 4 the City Council will decide whether or not to accept the LUHO recommendation to deny the Wal-Mart project at Coors & Montano. We hope that this issue is truly finalized that evening; however it is also possible that final resolution of this issue is still in the month or months to come. And all the while, the lawyer is preparing letters, reviewing the case, preparing to represent TRNA and the neighborhood citizens every step of the way.

Every month I beat the same drum, but the fact still remains: We still have existing and future legal fees to pay. We must continue to ask the membership and anyone who agrees with our mission to donate money to the Land Use Fund. Let's keep fighting for what we believe is best for our neighborhood. We hope everyone who reads this can contribute to the Land

Use Fund, to support this cause with any amount large or small. Can you help with a donation? All monies received are for the designated purpose of land use issues.

You can send donations payable to TRNA Land Use Fund, P. O. Box 66288, Albuquerque, NM 87193-6288. Or, you can go to www.againstthewal-abq.com and pay by credit card through the PayPal link there. There is also a link on the TRNA homepage. Questions? Email me at treasurer@trna.org.

Land Use Update

Rene Horvath, TRNA Director, Land Use

1. Walmart - Silver Leaf's appeal/ City Council meeting / March 4th - to accept or reject the LUHO recommendation:

On Monday March 4th City Council will vote whether to accept or reject the Land Use Hearing Officer's (LUHO) recommendation to uphold the EPC's decision to deny the Walmart project. It will be presented to City Council by the City Legal Advisor. If Council fails to accept the LUHO recommendation then City Council will hear the appeal at a separate City Council Hearing. If Council accepts LUHO's recommendation then the EPC decision is upheld. This is a regular City Council meeting. There will be many items on the agenda. Silver Leaf's appeal is one of the items on the Council's agenda. Once the appeal comes up, City Council will listen only to the City Legal Advisor who will go over the appeal. The public will not be allowed to comment on the appeal. Only the City Council and the City's Legal Advisor will discuss the matter. The vote will be fairly quick. We still need people to attend the **March 4th City Council meeting** to show support. The Council meeting begins at **5:00pm**. The appeal case should come right after the general public comment period. The public comment period is at the beginning of the City Council meeting and could last over an hour. Try to get there by 6:00pm. Quiet participation from the audience is needed to show support. City Council meets in the basement of **City Hall in the City Council Chambers**, at One Civic Plaza. We urge your participation for this important meeting. Any questions e-mail or call me at 898-2114.

Summary of January 23rd LUHO recommendation: LUHO concluded that the EPC's decision to deny the proposed Walmart was well supported by the 7000 page record. He recommended that City Council uphold the EPC's decision, and deny the appeal in full. Here are his main points: 1) The evidence supports the EPC's finding that the Large Retail Facility - LRF is only Tract 2-A, not the entire 60 acre site. 2) The EPC's finding that the LRF does not satisfy the access requirement is not erroneous and is supported by evidence in the record. 3) The proposal does not comply with the North Andalusia design standards, which calls for a village character. 4) The EPC was free to reject Staff opinions. 5) LUHO found no clear inconsistency in how the EPC applied the access provisions for this site, compared with how it applied them to the Unser Crossing and Hotel Circle LRF's (Large Retail Facilities).

2. CIP budget/Open Space / La Cuentista proposed 60 acres: For the last several years TRNA has been involved in the Volcano Mesa Sector development plan for the mesa

top. We advocated for sensitive development and the need to preserve the unique resources on top of the mesa. TRNA supported acquiring more open space to buffer the escarpment, preserve rock outcrops, and preserve the wildlife and vegetation, etc. An article about the La Cuentista open space proposal was included in the last TRNA newsletter. TRNA recently learned that the developer for the La Cuentista development was offering to sell 60 acres of land to the City for Open Space between the La Cuentista development and the Petroglyph escarpment. TRNA realizes that is a rare opportunity, and supports the proposal.

On February 7th the City Council reviewed the CIP or Capital Improvement budget for the Bond programs that will go to the voters next fall. One of the Bond programs is Open Space, which has been very popular in the City of Albuquerque. The City Open Space program has been in existence since the early 80's which has acquired land at the foot hills of the mountains such as the Ellen Gallegos Open Space. It also owns the Los Poblano's Open Space where the corn maze and cranes are in the valley. Unfortunately only \$500,000 has been allotted for Open Space land acquisition and fencing projects City wide. This is not enough to keep the open space program viable. Open Space generally on average receives \$2.5 million per Bond cycle. The Parks and Recreation department received a 43% decrease in their budget for this Bond Cycle, which Open Space is a part of. In addition, City Council reduced Impact fees which were used to help fund Open Space, parks, trails, etc. Now that the impact fees have been reduced, the Open Space program must rely on the CIP budget for its funding. TRNA testified at their February 7th hearing that more money is needed for the open space program. The public also made calls and sent in letters to City Council to show support for an increase in the open space funding for land acquisition and to support the La Cuentista proposal. **The CIP budget is up for a final vote March 4th at City Council.** The Council will again need to hear from the public to increase the funding for open space and to support the La Cuentista open space proposal, before the March 4th City Council meeting.

3. Volcano Heights Plan/ LUPZ hearing/ February 13: The EPC approved the Volcano Heights Sector Plan last December 6th. The Land Use Planning and Zoning (LUPZ) committee, made up of several City Councilors, reviewed the Volcano Heights Sector Development Plan on February 13th. The Planning team for the Plan did an introductory presentation for the LUPZ committee which was followed by public comment. A representative from Petroglyph National Monument, Diane Souder, spoke about the unique resources

(continued page 7)

(Land Use Report cont'd from page 6)

on the mesa top and escarpment. She addressed impacts resulting from development on the mesa and expressed that more needs to be done to protect the resources. She supported using a street edge to buffer the escarpment from the development, which is better than having houses backed up to the monument. She also wanted more to be done to control the fugitive dust coming from graded areas on the mesa top to curb the blowing dust problem burying the escarpment. Several property owners testified that they want the City to do more to help with the infrastructure, mainly Unser Blvd. and Paseo del Norte. They felt these roads have regional significance and want the City to help with the costs and construction to build them. The next **LUPZ hearing for the Volcano Heights Plan is in April.**

4. Western Refining Giant gas station/ Volcano Heights/:

TRNA received a letter from the property owner proposing a gas station with food and alcohol sales, and a carwash at Unser & Paseo del Norte. The proposed access to the site is in question. The developer wants curb cuts along Paseo del Norte and Unser which are both designated as limited access roadways. The Volcano Heights plan calls for access to this site to be from a frontage road not the major roadways. MRCOG reviews access requests. The EPC will review the case during their **March 14th EPC hearing.**

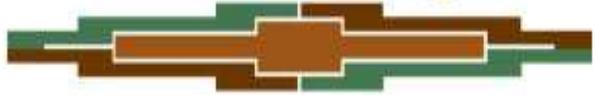

5. Indoor Shooting Range/ Facilitated meeting/ February 20th:

A facilitated meeting was held February 20th at the Taylor Ranch Community Center. The property owners are seeking approval for site development plan for subdivision and building permit. The location is at the northwest corner of Coors and Paseo del Norte, east of Eagle Ranch, on the south side of Paradise Blvd. It's along the road that leads to the Movies West Theatre. Fifteen Neighborhood and Coalition members attended. Comments and questions from the participants included: 1) TRNA noted that the nearby apartments were not notified. *Ron Bohanan, consultant for the shooting range proposal, responded that a notification sign will be placed on the property 15 days before the EPC hearing to alert adjacent neighbors about their proposal. A City Staff person at the meeting also said the City will also notify the apartments 15 days in advance of the hearing.* 2) Are the property owners aware of the MRCOG high capacity transit center study by Rio Metro has that property listed as a possible transit center site? *The applicant was not aware of any transit center proposal.* 3) Paradise Blvd. is narrow in that area, what do they plan to do about that? *The developer plans to widen Paradise Blvd. and plant trees along their side of the road.* 4) What about the lighting and signage? The

nearby apartments will not like bright lighting through their windows. *The lighting will be LED lighting around the building. It will follow the dark sky ordinance. There will be no LED signs. There will be a building mounted signs and a small monument sign.* 5) What are the proposed operation hours? *The business hours will be: Mon. thru Thurs: 9am - 9pm., Fri and Sat: 9 am - 10 pm, Sun. 1pm – 7pm.* 6) How many customers can use the facility at once? *There will be 15 lanes open for customers. Traffic should not be an issue.* 7) Will there be noise associated with the range activities? *They responded that there should be no noise. They will comply with the City's noise ordinance.* There was no stated opposition to the proposal at the facilitated meeting. The case Planner is Carrie Barkhurst (924-3879). **The EPC hearing is March 14th.**

West Side Coalition of Neighborhood Associations Meeting

Terri Spiak, WSCONA Board, TRNA Treasurer

The Annual Meeting of Directors for West Side Coalition met on February 6, 2013 to hold elections of officers. The membership voted to elect Candy Patterson (Laurelwood NA) the new President. Harry Hendrickson (Tuscany NA) was elected Vice-President, while Secretary Art Retberg (Tres Volcanes NA) and Treasurer Terri Spiak (TRNA) were re-elected for another one year term. Outgoing President Jerry Worrall gave the President's Annual Report. Dr. Joe Valles will continue to serve as Land Use Chairman.

Two months into the year WSCONA has 35 members, including four new members. WSCONA represents neighborhood and homeowner associations both north and south of I-40 West of the Rio Grande River. The new Executive Committee plans to encourage all member/directors to bring issues of both regional and West Side significance to the general membership and is looking forward to a great new year. As directors bring concerns and fresh ideas forward we can help one another in areas of transportation, land use, legislation, and city planning.

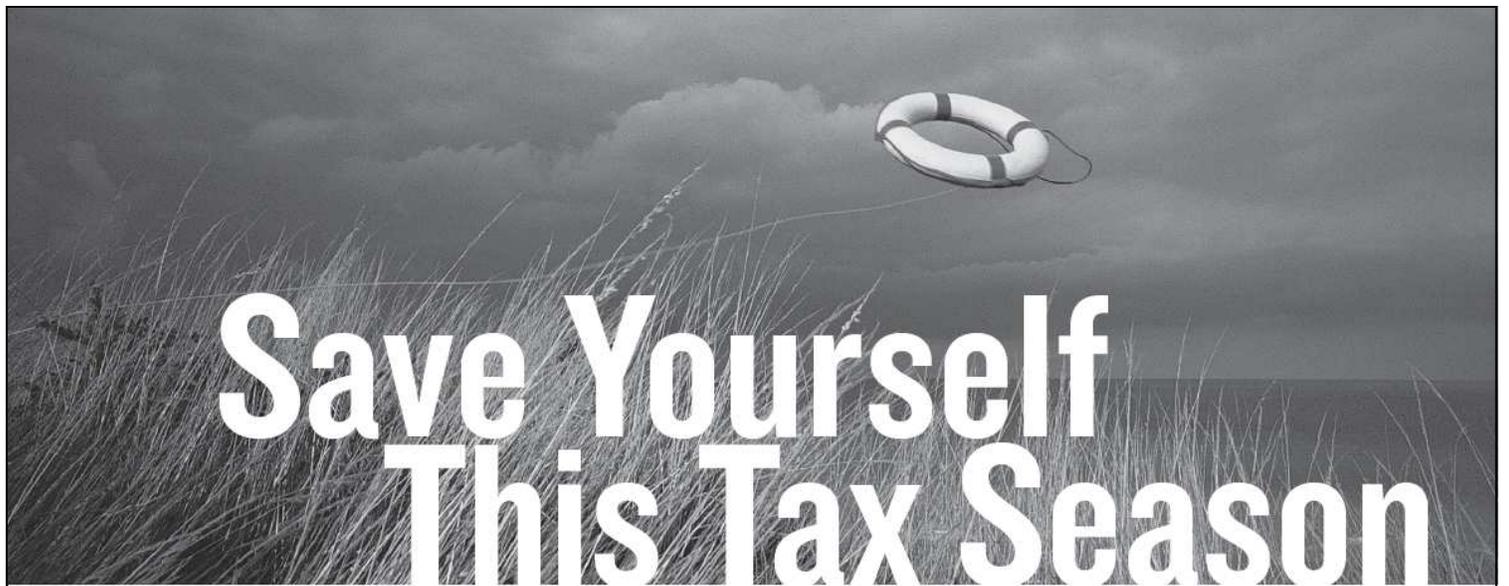

During the past year WSCONA has supported TRNA in its battle against the Wal-Mart application at Coors & Montano, has advocated for maintenance and repairs of aging infrastructure on the West Side, and met with Federal, State, and City officials to ask for Capital Improvements such as improvements of Westbound I-40 at Unser and 98th Street to cope with peak traffic congestion at those exits. Councilor Ken Sanchez worked with State Legislators to file necessary requests to get this project funded. When we work together for the good of all West Side citizens, good things happen!

Everyone is welcome to attend meetings which are held the first Wednesday of each month at 6:45 p.m. ®

District 5 -- Coffee with Councilor Lewis

Every other Friday morning from 7:30—8:30 am Councilor Dan Lewis will be at various businesses throughout the district to meet with you, get to know you and hear your concerns. Stop by on your way to work or come in to grab some breakfast and say hello!

Upcoming dates: **Mar 8** – APD Area Command, 10401 Cibola Loop NW (at Ellison) Special guest: Deputy Chief Allen Banks. **Mar 22** – Little Anita's, Paradise Blvd NW (at Universe). Special guest: Tom Menicucci, Transportation Planning, City Council.
